

CCCHAT

CCCHAT (ComiConChat) is a chat app that allows for ComiCon attendees to get live updates, find booths, friends, give-aways, and trading opportunities while at the convention site. Admins (official organizers of ComiCon) can push notifications of panel discussions and special events within the convention.

ADMIN: In 10 MINUTES the cast of *Walking Dead* will be talking in Hall H followed by an autograph session on the convention floor!

PROF X: Come by booth 12 for free give-aways and stuff!

ZELDA: 3DS battles and Super Smash tournaments in Hall B!

NITE OWL: Who wants to trade rare comics or figurines? I'm at booth 1.
